Celestion CF1840JD T5967 8 FEA optimized 18" ferrite magnet and cast aluminium chassis. 1200W / 8 Ohm, 98dB

- FEA optimized magnet assembly and suspension deliver highly symmetrical cone movement, leading to exceptionally low harmonic distortion
- Vented magnet assembly increases airflow to provide enhanced cooling
- Diameter: 18"
- Magnet type: Ferrite
- Power rating: 1200 W RMS
- Sensitivity: 98 dB
- Frequency range: 30-2500 Hz
- Weight: 11,6kg
- 4 Ohm
